

OLFA[®]
THE ORIGINATOR SINCE 1956

since 1968

The "A" of an early date

A-1

The successor cutter takes what a 9mm cutter is to the next level.

**AUTO
LOCK**

FOR BOTH
RIGHT- and **LEFT-**
HANDED USERS

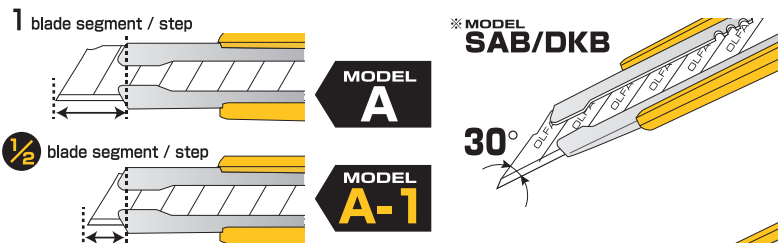

The "A-1", the fully remodeled classic A, has taken its usability a couple of steps further!
Feel the cutting-edge usability and the difference brought by OLFA's 40-year experience!

The **A-1** is a standard-duty cutter in the new era.

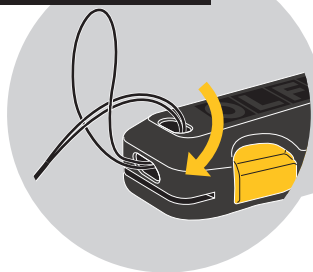

OLFA again has given special attention to every detail while re-designing the timeless A cutter; there's always something new about it.

The special Auto-Lock slider enables "fine tuning".

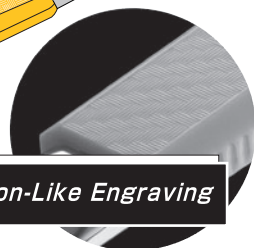

The sharp angle blades SAB and DKB are also official spare blades along with the AB and ABB.

Strap Hole

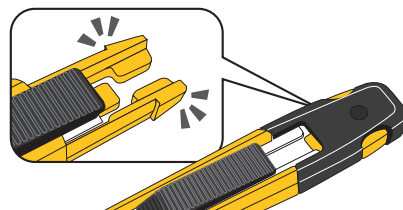

Carbon-Like Engraving

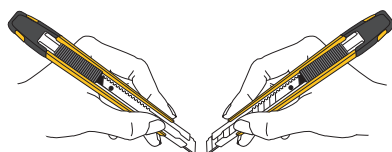

Pocket Clip/Blade Snapper

Fixed firmly by two tabs, you do not have trouble losing it.

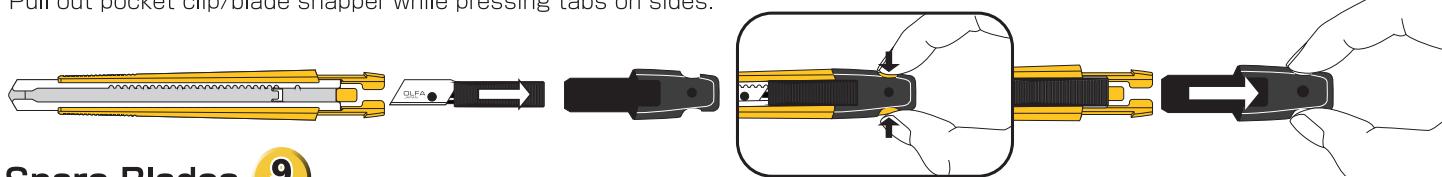

For a left-handed user, just load blade reversed!

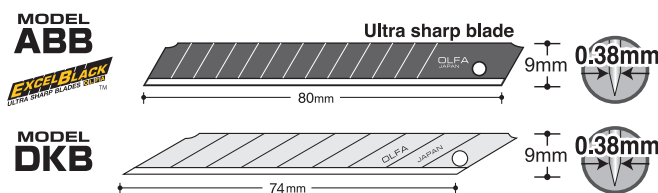

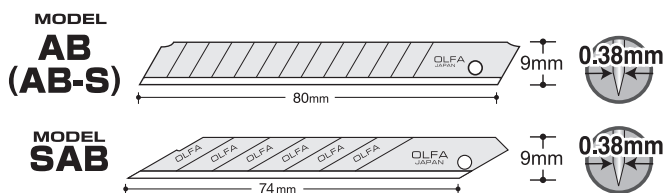

How to replace blades

Pull out pocket clip/blade snapper while pressing tabs on sides.

Spare Blades **9 mm**
